**INFORMATION DISCLOSURE STATEMENT**

Dear Sir:

Submitted herewith is one (1) sheet of a modified Form PTO-1449. A copy of each documents cited on the Form PTO-1449 is also submitted.

Briefly, the first seven (7) patents identified under the "Foreign Patents" heading in the attached Form PTO-1449 were mentioned during the prosecution of the German counterpart of the above-referenced application. Kindly note, the German counterpart issued on November 8, 2001 as DE 199 48 194.6.

Further, the remaining patent listed under the "Foreign Patents" heading as well as all of the articles identified under the "Other Documents" heading, were cited by three opponents in an opposition proceeding relating to DE 199 48 194.6 (i.e., the German counterpart of the above-referenced application). Kindly note, the opponents have also cited the first seven (7) patents identified under the "Foreign Patents" heading (i.e., the

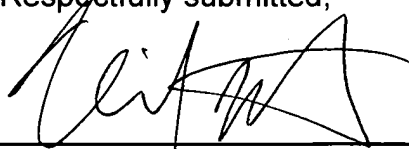

patents mentioned during the German prosecution) as well. The opposition proceeding relating to DE 199 48 194.6 is still pending.

Applicant includes herewith an English abstract of all of the foreign patents. Applicant also includes a complete translation of DE 39 41 290, DE 31 12 122 and DE 197 45 007 and the first and second articles identified under the "Other Documents" heading. Moreover, the third article identified under the "Other Documents" heading includes both German and English text.

Should the Examiner believe that any document for which no English translation is supplied is relevant or material to the patentability of any claim of the above-referenced application (for example, based on his/her review of the English abstract or after consideration of any of the figures in either the patents or the articles), or should the Examiner desire a complete translation of any document for which no English translation is supplied, kindly contact the undersigned.

It is respectfully requested that the Examiner make his/her consideration of these documents formally of record with the initial Office Action.

Respectfully submitted,

Date: October 2, 2002
